

SARS-COV-2 VACCINE STUDY - Pediatric Sub-study

Do you want to **learn how your body responds to SARS-CoV-2 vaccines?**

If so, you may be **interested in participating** in our study involving **antibody testing** before and after vaccination, including an **optional microbiome component**.

The purpose of this study is to understand how **vaccine dosing schedules** and **pre-existing antibodies** impact your **long-term response to SARS-CoV-2 vaccination**.

If you are interested in participating, or if you have any questions, please email: gloria.yu2@cw.bc.ca with subject header "**SARS-CoV-2 Vaccine Study**".
