

Experience the excitement of health science
in your elementary school classroom!

MINI MED SCHOOL EXPLORERS PRINCE GEORGE

Is your class interested in exploring science up close?

Mini Med School Explorers takes young students on an exciting journey of discovery through fun games, interactive Q&As, and surprising science moments.

Guided by scientists from BC Children's Hospital, students will discover how research shapes health sciences.

This free, 1-hour program is available for Prince George elementary schools on **Thursday, May 7, 2026.**

**Spots are limited —
book now!**
