

BC CHILDREN'S HOSPITAL RESEARCH INSTITUTE'S **RISING SCHOLARS UNDERGRADUATE SUMMER STUDENTSHIP**

Are you passionate about advancing child health research?

This fully funded 8-week program is designed to break through barriers, build research skills, and connect students with inspiring mentors in the field. *Applications are open to current undergraduate students from equity-denied communities who face barriers in accessing traditional research opportunities.*

STUDENTSHIP BENEFITS

- Hands-on role in a research project focused on child and family health
- Salary support from **June 1 to July 31, 2026**
- Paid accommodations in Vancouver, BC — plus travel support
- Networking events, skill-building workshops and expert-led seminars
