

MINI MED SCHOOL

EXPLORING RARE DISEASES: DISCOVERY TO TREATMENT

Join us for Mini Med School 2025 as we explore the world of rare diseases, examining the challenges in diagnosis, treatment, research, and patient support.

What is Mini Med School?

Together with Co-Deans Dr. Kelly Brown and Dr. Bruce Carleton, you'll have the chance to discover how emerging technologies are revolutionizing clinical care and how scientific breakthroughs are shaping global health policies.

Each night of Mini Med School will feature lectures by scientific leaders and world-class clinicians, followed by a question period.

Sessions will be held from 6:30 – 8:00 pm on the following nights:

- **Session #1:** Wednesday, October 22
- **Session #2:** Wednesday, October 29
- **Session #3:** Wednesday, November 5
- **Session #4:** Wednesday, November 12

How to Participate?

Grade 11-12 students across BC and the Yukon will now have three ways to participate in Mini Med School 2025:

- **Mini Med School In-Person:** Engage with researchers and clinicians in-person at BC Children's Hospital
- **Mini Med School Virtually Live:** Engage with researchers and clinicians at BC Children's Hospital virtually in real-time
- **Mini Med School On-Demand:** Participate when it works for you! Watch previously recorded lectures online

The registration form will be available from **Monday, September 15, 2025 to Friday, September 26, 2025.**
