

Experience the excitement of health science  
in your elementary school classroom!

# SCIENCE EXPLORERS

CAMPBELL RIVER, BC

## Is your class interested in exploring science up close?

Science Explorers takes young students on an exciting journey of discovery through fun games, interactive Q&As, and fun science moments.

Guided by scientists from BC Children's Hospital, students will discover how research shapes health sciences.

This free 1-hour program is available for Campbell River elementary schools on **April 8, 2027**.

**Spots are limited.**

**Applications will open January 2027.**
